Welcome to Plymouth

Britain's Ocean City

Plymouth is a vibrant city located in the South West of England, renowned for its rich maritime heritage, stunning natural surroundings, and thriving cultural scene. As a student at our university, you will have the opportunity to experience everything Plymouth has to offer.

From the historic Hoe Park to the bustling city centre, Plymouth is a place where tradition meets modernity. Visit the National Marine Aquarium, explore local heritage sites, or enjoy a walk along the scenic waterfront. The city is also perfectly situated near areas of outstanding natural beauty, with Dartmoor National Park just a short drive away.

Welcome to the University of Plymouth

The University of Plymouth is a modern, dynamic institution known for its high-quality, internationally leading education, research, and innovation. It's recognised for its strong focus on research-informed teaching and its commitment to sustainability and real-world impact. The university is located in Plymouth, a coastal city in the South West of England, with a rich history of exploration and discovery.

Here's a more detailed look at the University of Plymouth: Key Features:

Research Excellence:

A significant portion of the university's research is rated as "world-leading" or of "international quality". It has world-renowned expertise in areas like marine science and engineering, medicine, earth sciences, and sustainability.

Teaching Quality:

The university is known for its research-led teaching, with a strong emphasis on developing valuable skills and experience for students. It has won the Queen's Anniversary Prize for Higher Education twice.

Strong Industry Connections:

The university has long-standing relationships with businesses and industries, facilitating placements, internships, and employment opportunities for students.

Student Experience:

Plymouth is a vibrant coastal city offering a good student experience, with a cost of living that's significantly lower than London.

Global Presence:

With a large student body and alumni network, the university has a growing global presence.

In the news:

- In 2023, the University of Plymouth achieved triple gold in the Teaching Excellence Framework (TEF), meaning it received gold ratings for overall student experience and student outcomes.
- In 2019, the university was awarded the Queen's Anniversary Prize for its groundbreaking research and policy impact on microplastics pollution in the oceans.
- The university's motto, "Indagate Fingite Inventive" (Explore Dream Discover), reflects its ambition for its students and Plymouth's history of seafaring.

Join Our Community

If you're looking for a university experience that's more than just academics, Plymouth is the perfect choice. Our city offers a unique blend of history, culture, and innovation, and we're confident that you'll thrive in our vibrant community. Join us and discover why Plymouth is a great place to live, study, and work.

Apply Now

University of Plymouth is now at The University of Lahore

The University of Lahore has achieved a significant milestone by establishing a Transnational Education (TNE) collaboration with the University of Plymouth under the HEC Category 2 framework. This strategic alliance marks a major step forward in strengthening the University's academic offerings, research capabilities, and global reputation.

Partnering with a prestigious institution like the University of Plymouth enables the University of Lahore to offer its students high-quality education, innovative research opportunities, and a broader international perspective ultimately contributing to the advancement of higher education in Pakistan.

Our Philosophy

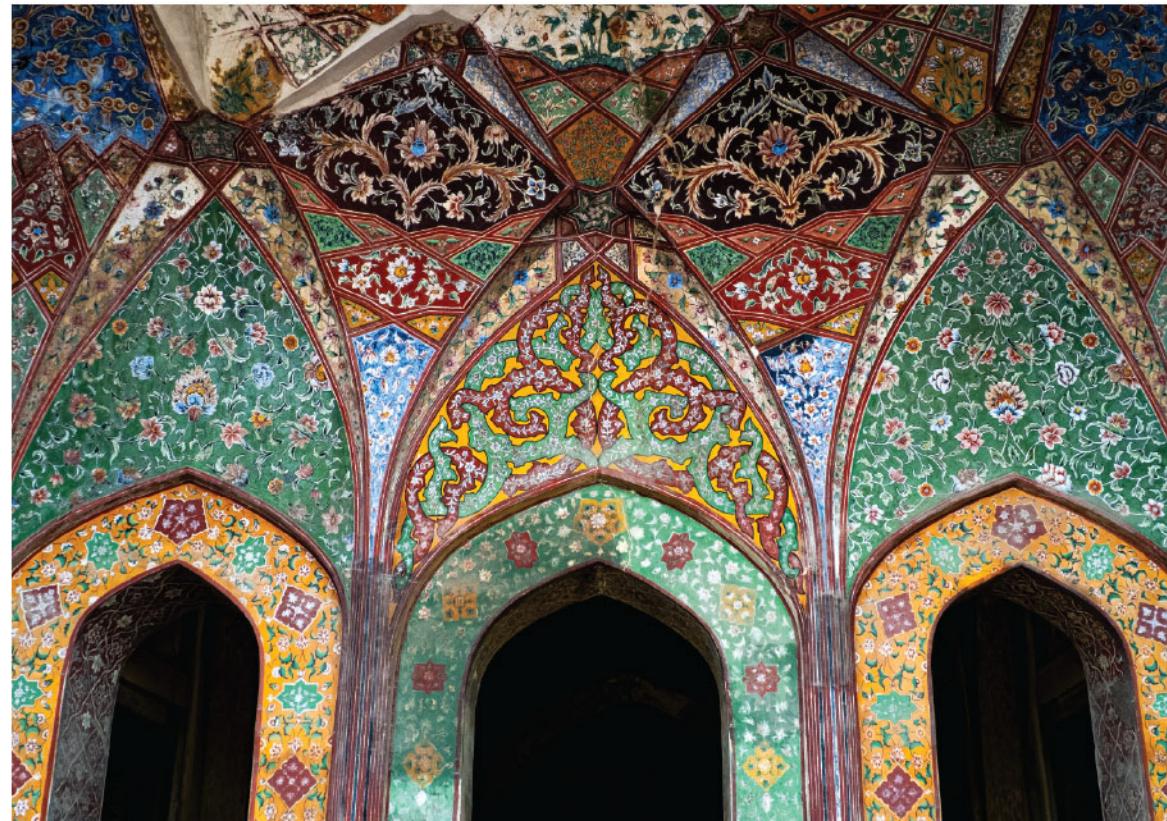

The University of Lahore

Established in 1999 and dedicated to bringing world-class education to the students of Pakistan and beyond, UOL offers degree programmes catering to the phenomenal changes unleashed by rapid advancements in science and technology.

Welcome to Lahore, Pakistan

Lahore is a city where history breathes through Mughal gardens and culture thrives in every corner. Known for its timeless beauty, vibrant energy, and hospitality, Lahore blends old-world charm with modern living. From the serene Shalimar Gardens to the sprawling Lawrence Gardens (Bagh-e-Jinnah), the city offers green sanctuaries that reflect its deep-rooted connection to nature. Students in Lahore enjoy a rich urban experience, surrounded by architectural marvels, lively bazaars, art galleries, literary festivals, and a dynamic food culture.

At The University of Lahore, we stand on the visionary foundation laid by our esteemed founders, whose dedication and foresight have shaped this institution into a beacon of learning and excellence. Our commitment is to equip them with the skills, knowledge, and ethical foundation to tackle global challenges and drive sustainable progress. We believe in fostering an atmosphere of curiosity, collaboration, and excellence that shapes responsible global citizens.

School of Allied Health Sciences

BSc (Hons) Nursing (4 Years)

Program Overview:

Degree:
BSc (Hons) Nursing

Duration:
4 Years (8 semesters)

Credits:
480

Entry Requirements

The basic entry requirement for a Bachelor of Science in Nursing (BSN) programme, according to the Pakistan Nursing & Midwifery Council (PNMC), is a minimum of 50% marks in FSc (Pre-Medical) or equivalent, with Biology as a compulsory subject.

Program Description:

This four-year BSc (Hons) Nursing programme builds clinical expertise across core areas like pharmacology, patient care, and healthcare ethics. Structured over eight semesters, it equips students with the knowledge and leadership skills needed for licensure under NMC and PNMC standards, and prepares them for nursing roles in Pakistan and abroad.

The Plymouth Experience at UOL

Offered in collaboration with the University of Plymouth, this four-year BSc (Hons) Nursing program blends academic excellence with over 3,000 hours of clinical placements in top hospitals across Lahore. Students train in cutting-edge simulation labs, engage in evidence-based, project-driven learning, and are mentored by research-active faculty. Designed to meet the standards of the Nursing and Midwifery Council (NMC), UK and the Pakistan Nursing and Midwifery Council (PNMC), this program prepares compassionate, agile nurses for impactful careers across Pakistan, the Middle East, Europe, and beyond.

BSc (Hons) Physical Therapy

Program Overview:

Degree:
BSc (Hons) Physical Therapy

Duration:
3 Years (6 semesters)

Credits:
360

Entry Requirements

As per requirements of the Higher Education Commission of Pakistan, applicants must have 12 years of education, HSSC, F.Sc (Pre-Medical) / A-Level or equivalent with a minimum of 60% marks.

Language Requirements:

Students who have completed Matriculation and F.Sc. with English as a compulsory subject are eligible, provided they have achieved at least 50% marks in English at both levels. For students applying with international qualifications such as IGCSE or GCE (O-Level or A-Level), a minimum of Grade D in English is required.

Program Description:

The BSc (Hons) Physical Therapy is a 3-year UK-awarded honours degree focused on developing clinically skilled, research-informed therapists. With a curriculum that integrates foundational sciences, advanced physiotherapy modules, and supervised clinical placements, the programme prepares students to assess, treat, and rehabilitate across a range of conditions. Emphasising evidence-based practice and patient-centred care, it equips graduates to meet global rehabilitation standards and lead in diverse healthcare environments.

The Plymouth Experience at UOL

Offered in collaboration with the University of Plymouth, this BSc (Hons) Physical Therapy programme blends academic rigour with real-world clinical practice. Students gain hands-on experience through immersive simulations, UK-standard labs, and placements at leading hospitals, including University of Lahore Hospital (ULH), Sehat Medical Complex (Lake City & Hanjarwal), PESSI Social Security Hospitals (Multan Road & Kot Lakhpat), and Mansoora Hospital. Research-active faculty, project-based learning, and peer collaboration foster critical thinking and professional growth. Recognised by the Higher Education Commission (HEC) Pakistan, this internationally awarded degree prepares graduates for dynamic, global careers in physical therapy.

BSc (Hons) Health & Social Care

Program Overview:

Degree:

BSc (Hons) Health & Social Care

Duration:

3 Years (6 semesters)

Credits:

360

Entry Requirements

Applicants must have successfully completed 12 years of education (Intermediate / A Levels or equivalent) with a minimum of 50% marks from a recognised board or institution.

Program Description:

The BSc (Hons) Health & Social Care is a UK-accredited 3-year degree that equips students to address health and wellbeing challenges across communities. With a focus on care ethics, safeguarding, public policy, and social justice, the programme blends applied theory with practical insights to prepare students for frontline roles in health, NGO, and social care sectors. Graduates are well-positioned for further study or careers in both local and global contexts.

The Plymouth Experience at UOL

This UK-awarded programme, delivered in collaboration with the University of Plymouth, offers a rich, practice-based learning journey in health and social care. Students gain real-world exposure through field visits to NGOs, clinical placements at University of Lahore Hospital and Sehat Medical Complexes, and engagement with public health organisations. Research-informed teaching, agile learning methods, and personal mentorship help students develop critical thinking, adaptability, and professionalism. The degree also provides a strong foundation for further study in the UK, with progression routes into MSc Public Health, MA Social Work, MSc Healthcare Management, and MPhil programmes—opening pathways to internationally recognised qualifications and global employment opportunities.

Top-Up Health & Social Care (Level 6)

Program Overview:

Degree:
Top-Up Health & Social Care

Duration:
1 Year (2 semesters)

Credits:
120

Program Description:

The Health & Social Care (Top-Up) Level 6 programme offers final-year students a UK-accredited route to complete their honours degree. Focused on real-world care systems, it sharpens leadership, communication, and policy evaluation skills through applied coursework and research. With a strong academic foundation and practical insights, the programme prepares graduates for advanced roles or progression into postgraduate study in Pakistan or internationally.

The Plymouth Experience at UOL

Designed for final-year students, this UK-awarded Top-Up programme blends academic advancement with hands-on exposure. Students develop leadership, policy analysis, and communication skills through case-based learning, real-world assessments, and mentorship. Clinical placements at University of Lahore Hospital (ULH) and Sehat Medical Complexes (SMC), along with guest lectures and career workshops, connect students to local care systems and global perspectives. Research-informed modules and a supervised dissertation enhance their evidence-based thinking. Graduates are equipped for advanced roles or further study, with pathways into MSc Public Health, MA Social Work, and MPhil programmes in the UK and beyond.

School of Law

LLB (Hons)

Program Overview:

Degree:

LLB (Hons)

Duration:

3 Years (6 semesters)

Credits:

360

Entry Requirements

Higher Secondary School Certificate/ A-Levels (Grade D), involving 12 years of schooling or an IBCC equivalent qualification with a minimum of 45% marks is the eligibility requirement for admission to the LLB Programme.

Program Description:

The 3-year LLB (Hons) offered under the University of Plymouth partnership provides a globally recognised legal education rooted in academic excellence and professional relevance. The curriculum balances core and specialised subjects—ranging from Contract and Criminal Law to International and Family Law—while focusing on essential legal skills like advocacy, drafting, and legal research. With an emphasis on critical thinking and ethical practice, students are prepared to navigate evolving legal landscapes and pursue diverse career opportunities, both locally and internationally.

The Plymouth Experience at UOL

The LLB (Hons) at the University of Lahore combines rigorous academics with practical exposure through mock courtroom proceedings, court visits to Civil, Sessions, and High Courts, and internships with senior law professionals. Students gain hands-on experience in legal research, drafting, case preparation, and ethics of court appearance, supported by fully equipped computer labs and dedicated moot rooms. The programme features research-informed teaching by qualified faculty and culminates in a capstone research project addressing complex legal issues. Strong industry linkages are fostered through guest lectures, training workshops, and Judge Moot Competitions. Recognised by the Pakistan Bar Council (PBC), Higher Education Commission (HEC), and QAA (UK), the degree opens pathways to careers in the Judiciary, Legal Counselling, Academia, Policy-making, and qualification as a Solicitor or Barrister in England & Wales.

LLB Top-Up Programme

Program Overview:

Degree:

LLB (Hons) Top-Up

Duration:

1 Year (2 semesters)

Credits:

120

Entry Requirements

Applicants who have completed their Level 4/ Higher National Certificate (HNC) and Level 5/ Higher National Diploma (HND) in Law through Pearson or Qualifi are eligible for entry to the Top-Up year of Law.

Program Description:

The LLB (Hons) Top-Up is a final-year UK-awarded programme for students who have completed Level 5 (HND in Law). Delivered under the University of Plymouth partnership, it provides a strong foundation in core legal principles while enhancing research, advocacy, and drafting skills. With a focus on practical application through moot courts, workshops, and mock trials, the programme equips students for advanced legal roles or further studies. It prepares graduates for careers in advocacy, mediation, legal consultancy, or progression to LLM, PhD, and bar qualifications in the UK or Pakistan.

The Plymouth Experience at UOL

Recognised by the University of Plymouth and HEC Pakistan, this Top-Up builds research, drafting, and legal reasoning skills through expert-led workshops and seminars. Graduates can pursue careers as **Advocates in Pakistan**, or **Solicitors/Barristers in the UK**, with roles like law associate, mediator, or legal advisor. The degree also supports progression to LLM, PhD, or entry into judiciary and administrative services, opening doors both locally and internationally.

BSc (Hons)

Duration:
3 Years (6 semesters)

Credits:
360

Entry Requirements

To be eligible for the BSc (Hons) Psychology programme, applicants must have completed Intermediate (HSSC), A-Levels, or an equivalent qualification corresponding to 12 years of education. Students are required to have obtained at least 60% marks in both English and Mathematics at the Matriculation level or a minimum grade C in their O-Level or equivalent qualifications. In addition, all applicants must successfully pass an entry test.

Program Description:

The BSc (Hons) Psychology is a three-year UK-awarded degree that builds a strong foundation in human behaviour, research methods, and key areas of psychology. With a focus on applying theory to real-world challenges, the programme includes a final-year research project that develops critical thinking and academic skills. Graduates are prepared for careers in psychology, education, research, and related fields both in Pakistan and internationally.

The Plymouth Experience at UOL

This UK-awarded degree offers hands-on learning in psychological testing, research methods, and data analysis, guided by active researchers and rooted in evidence-based practice. Students engage in project-based learning from day one, building critical thinking, communication, and ethical awareness. With industry exposure through internships, guest lectures, and real-world projects, the programme prepares graduates for careers in clinical, counselling, and educational psychology, as well as roles in HR, research, and postgraduate study in the UK and beyond.

School of Computer Science & Information Technology

BSc (Hons) Computer Science

Program Overview:

Degree:

BSc (Hons) Computer Science

Duration:

3 Years (6 semesters)

Credits:

360

Entry Requirements

F.Sc., ICS, or equivalent with a minimum of 50% marks.

Program Description:

The BSc (Hons) Computer Science provides a deep dive into the principles that drive modern computing, from computational theory to system design. Students gain strong problem-solving abilities and a structured understanding of software logic, digital systems, and data structures. The curriculum encourages analytical thinking and conceptual clarity, enabling graduates to adapt to emerging technologies and complex computing environments.

The Plymouth Experience at UOL

This UK-awarded degree combines research-informed teaching with hands-on industry exposure. Taught by active researchers solving real-world tech challenges, the programme integrates theory and practice through agile development, lab-based projects, and software design from day one. Strong ties with leading companies support student placements and career growth. Graduates are equipped for roles such as software engineer, data analyst, app developer, and network security engineer, with a portfolio that reflects professional readiness.

BSc (Hons) Artificial Intelligence

Program Overview:

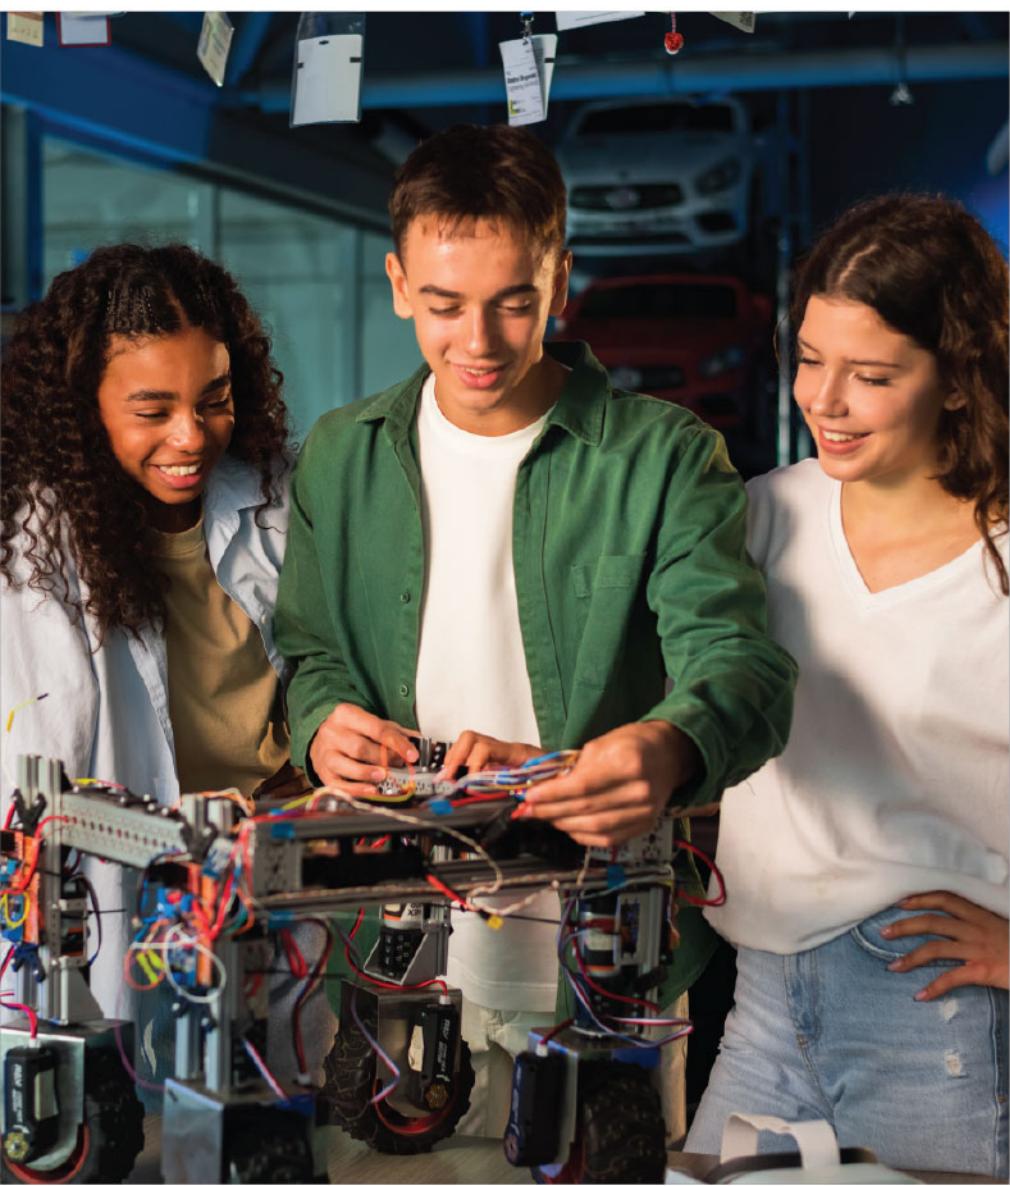

Degree:
BSc (Hons)

Duration:
3 Year (6 semesters)

Credits:
360

Entry Requirements

F.Sc., ICS, or equivalent with a minimum of 50% marks.

Program Description:

Our BSc (Hons) Artificial Intelligence (AI) programme is designed to develop your expertise in machine learning, intelligent systems, big data analytics, robotics, and parallel computing. Grounded in both theoretical knowledge and practical experience, this degree empowers students to become adaptable professionals in a rapidly evolving technological landscape.

The Plymouth Experience at UOL

This UK-awarded degree blends research-led teaching with hands-on, agile learning. Taught by faculty working on real-world AI challenges, students gain practical experience from day one through lab-based projects and industry-standard software development practices. Strong industry links support internships and job placements, while a focus on innovation and portfolio-building equips graduates for careers in machine learning, robotics, data science, and AI development.

BSc (Hons) Cyber Security

Program Overview:

Degree:
BSc (Hons)

Duration:
3 Year (6 semesters)

Credits:
360

Entry Requirements

F.Sc., ICS, or equivalent with a minimum of 50% marks.

Program Description:

This BSc (Hons) Cyber Security programme is designed to develop your expertise in information security, digital forensics, cryptography, network security, and secure software development. Grounded in both theoretical knowledge and practical experience, this degree empowers students to become adaptable professionals in a rapidly evolving technological landscape.

Program Description:

This UK-awarded degree offers a research-informed, hands-on learning journey led by experts solving real-world cyber threats. Students work on practical lab projects from day one, adopt agile development methods, and gain industry exposure through strong corporate ties. The programme builds a solid foundation in cyber defence, digital forensics, and ethical hacking, preparing graduates for roles such as cybersecurity analyst, penetration tester, or security consultant.

Top-Up BSc (Hons)

Computer Science

(Level-6)

Program Overview:

Degree:
Top-Up Computer Science (Level 6)

Duration:
1 Year (2 Semesters)

Credits:
120

Entry Requirements

Applicants must have successfully completed HND Level 4 and Level 5 with passing grades to be eligible for admission to Level 6 of the BSc programme.

Program Description:

This one-year top-up programme deepens your understanding of core computing principles while encouraging independent learning and critical evaluation of advanced technologies. Building on previous qualifications, it sharpens your problem-solving abilities and theoretical grounding through specialised modules. Students are trained to approach real-world challenges with analytical precision, while also gaining academic and research exposure necessary for higher studies or specialised industry roles.

Program Description:

This Level-6 UK degree empowers final-year students with a research-driven, industry-connected curriculum. With hands-on lab work, agile software development, and expert-led instruction, learners gain practical skills from day one. Strong industry linkages support career readiness, leading to roles like software engineer, data analyst, or ethical hacker.

Department of **International Qualifications?**

At the University of Lahore, the Department of International Qualifications is the gateway to globally recognised education delivered locally. Focused on academic quality and cross-border collaboration, the department enables students to earn UK degrees through strategic partnerships, such as with the University of Plymouth, under the HEC's TNE framework. With purpose-built campuses, experienced faculty, and continuous academic support, it ensures students benefit from international standards while staying rooted in Pakistan's context.

Dean's Message

Welcome to the Department of International Qualifications, where we are committed to turning every student into a success story. Our innovative academic team nurtures well-rounded individuals through a unique blend of knowledge and social values. We instil insights for life, not just academics, while encouraging versatile thinking and informed choices. With continuous parental engagement, we take pride in shaping future leaders who contribute meaningfully across science and the humanities.

Dr. Samina Shah
Dean, Department of
International Qualifications

10 reasons to choose the IQ Pathways

1 Complete Academic Journey

IQ offers continuous academic development leading up to university education.

2 Holistic Learning Approach

Focuses on academic, personal, and professional development.

3 Tailored Support

Provides customised resources and guidance at every educational stage.

4 Strong Academic Foundation

Builds core skills through a solid A Level curriculum.

5 University Preparation

Equips students with the tools and confidence to succeed in higher education.

6 Expert Faculty & Facilities

Learn from experienced professionals in a modern, future-ready environment.

7 HEC Recognised Degree

Earn a qualification accredited by the Higher Education Commission.

8 Global Partnerships

Access to international pathways and opportunities.

9 Focus on Growth & Excellence

Encourages personal growth and strives for academic success.

10 Preparation for Life

Goes beyond academics to build real-world skills and global readiness.

With over **30,000** **students**, UOL ensures strong support through its dedicated Office of Student Affairs (OSA). OSA assists with academic and non-academic matters, including finance, immigration, exams, transcripts, accommodation, student cards, and graduation. It also offers guidance on careers, placements, and access to sports and gym facilities. Students can reach out in person, via email, or through the SAP portal, which provides streamlined access to services, applications, and support throughout their time at UOL.
